

# CD100

Two Stage Conveyor Dishwasher – 500mm Rack  
**W 1500mm x D 765mm x H 1445mm**

The Washtech Conveyor range represents the highest capacity dishwashers in the Washtech line up. These machines are built to wash large volumes of cups, plates and cutlery in a short period of time. Designed to work within complete operational systems, Washtech conveyors promote best practises helping to ensure timeframes, staff workloads, energy and water consumption are all reduced.

Washtech's CD100 is a fully automatic rack conveyor dishwasher with a powerful wash zone, followed by a smart final rinse that only activates when a rack enters the zone. Configured to meet the specifications of each customer, CD100's are powerful machines that with the right accessories can be adapted to fit into relatively small spaces. Washtech's CD100 is the perfect machine for busy restaurants, exhibition centres and stadiums

## Standard Features

- High volume 100 racks per hour
- Rinse economiser only draws fresh water when racks are in the rinse zone
- Powerful wash via removable upper and lower stainless steel wash arms
- Powerful drive with safety clutch allows the machine to wash heavy items with ease
- One wash zone followed by a final rinse zone
- Heavy duty stainless steel construction
- Easy to maintain electromechanical design
- Vent hoods fitted standard with duct connections and baffles
- Easily fitted to benches and other accessories
- Water consumption of just 300 litres per hour
- CAD design service for layout options

## Includes:

- 2 x 600 70028 – 500mm dish rack
- 2 x 600 70029 – 500mm cup rack
- 2 x C660503 – cutlery container
- 1 x C660508 – cutlery basket

## Optional Upgrades Include\*:
