

## CD200

Four Stage Conveyor Dishwasher – 500mm Rack  
**W 2700mm x D 765mm x H 1445mm**

The Washtech Conveyor range represents the highest capacity dishwashers in the Washtech line up. These machines are built to wash large volumes of cups, plates and cutlery in a short period of time. Designed to work within complete operational systems, Washtech conveyors promote best practises helping to ensure timeframes, staff workloads, energy and water consumption are all reduced.

Washtech's CD200 is a fully automatic rack conveyor dishwasher with a versatile prewash zone, powerful wash zones and built in four stage EcoRinse. Configured to meet the specifications of each customer, CD200's are powerful machines that with the right accessories can be adapted to fit into relatively small spaces. Washtech's CD200 is the perfect machine for busy production kitchens, hospitals, prisons, exhibition centres and stadiums.

### Standard Features

- High volume 200 racks per hour
- Rinse economiser only draws fresh water when racks are in the rinse zone
- Powerful wash via removable upper and lower stainless steel wash arms
- Powerful drive with safety clutch allows the machine to wash heavy items with ease
- One prewash zone, two wash zones and a final rinse zone
- Heavy duty stainless steel construction
- Easy to maintain electromechanical design
- Vent hoods fitted standard with duct connections and baffles
- Easily fitted to benches and other accessories
- Water consumption of just 180 litres per hour
- CAD design service for layout options

### Includes:

- 2 x 600 70028 – 500mm dish rack
- 2 x 600 70029 – 500mm cup rack
- 2 x C660503 – cutlery container
- 1 x C660508 – cutlery basket

### Optional Upgrades Include\*:

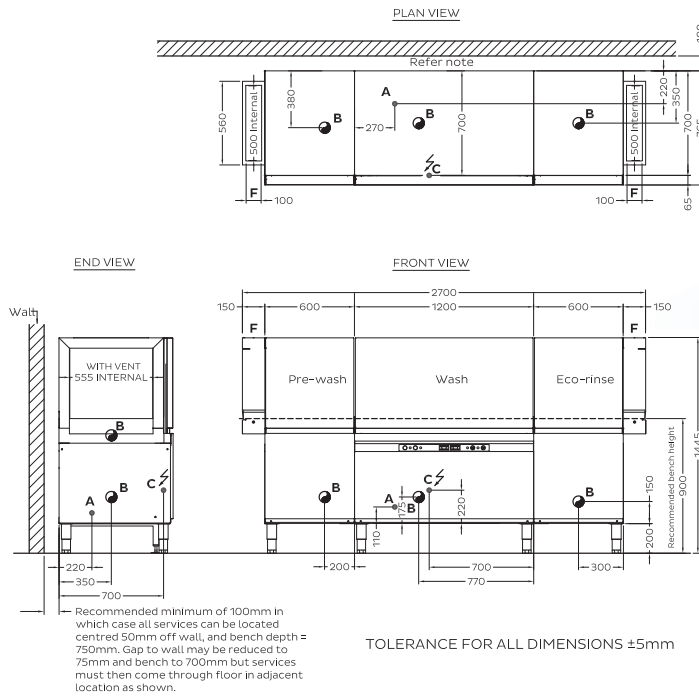

- Complete Systems with many options :
  - Drier sections
  - Troughs
  - Setdown benches
  - Sideload tables & Pawl drives
  - Chain drives
  - Straight & curved roller tables
